This morning we were thrilled to recognize a talented young chef from our area. 13-year-old Chester resident Tavia Isaac won first place on [The Food Network's Chopped Junior](#) last year when she impressed the judges with her elaborate and delicious recipes. Chef Tavia was joined by her mother and aunt who also love to cook. Since the show, Tavia has been cooking for friends and family and making appearances including being a special guest chef at the "The Women in Philly Are Cooking" expo. In between enjoying her well-earned stardom, Tavia is focusing on school as an 8th grade student at [Agora Cyber Charter School](#). Congratulations CHEF TAVIA!
